

**CITY OF HAYWARD
AGENDA REPORT**

AGENDA DATE February 10, 1998
AGENDA ITEM 6
WORK SESSION ITEM _____

TO: Mayor and City Council
FROM: Director of Community and Economic Development
SUBJECT: TEXT AMENDMENT NO. 97-140-02 – SECURITY GATE ORDINANCE

RECOMMENDATION:

Continue the public hearing scheduled for tonight to March 10, 1998.

DISCUSSION:

It was intended for City Council to hold a public hearing on this day to receive citizens' input on a draft ordinance addressing security gates. When the Planning Commission considered the ordinance, the Planning Commission asked staff to work with the fencing industry to review alternative fencing materials before the City Council hearing. Although staff met briefly with representatives of the fencing area and was provided with some brochures reflecting various types of chain-link fencing, the lobbyist for the industry will be out of town during the hearing and has requested a continuation of the hearing. In addition, a continuation of the hearing would provide staff with additional time to explore fencing materials as they relate to the proposed security gate ordinance.
