AGENDA ITEM 7

WORK SESSION ITEM \_\_\_\_\_

**TO:** Mayor and City Council

**FROM:** Director of Public Works

**SUBJECT:** Measure B Pavement Rehabilitation, Slurry Seal & Overlay 2003-04: Award of Contract

**RECOMMENDATION:**

It is recommended that the City Council adopt the attached resolutions that:

1. Award the Measure B Pavement Slurry Seal 2003-04 contract to Bond Blacktop, Inc., in the amount of \$51,251.50; and
2. Award the Measure B Pavement Rehabilitation 2003-04 contract to DeSilva Gates Construction, LP, in the amount of \$519,989.

**BACKGROUND:**

On January 13, 2004, the City Council approved the plans and specifications and called for bids to be received on February 17, 2004.

These projects, which are Measure B funded, are a continuation of the City's ongoing program to slurry seal or overlay residential streets every six-to-seven years, thereby extending the life of the street pavement. In order to concentrate the work for purposes of efficiency, project locations are rotated throughout the City annually by district. This year's project will focus on the Fairway Park area. Exhibits A and B identify those streets proposed for slurry seal or pavement overlay this year.

Pavement rehabilitation in this project consists of making deep-lift asphalt concrete spot repairs and placing either an asphalt concrete overlay or slurry seal on the various streets.

For cost effectiveness, the work was bid as two separate contracts - one for all pavement repair and overlay work and one for the slurry seal work.

These projects are categorically exempt under the "Operation, Repair, Maintenance, or Minor Alteration of Existing Facilities" section of the California Environmental Quality Act Guidelines.

Pavement Slurry Seal

On February 17, 2004, six bids were received for the slurry seal project. Bond Blacktop, Inc., of Union City, submitted the low bid in the amount of \$51,251.50, which is 21.2 percent below the Engineer's Estimate of \$65,000. American Asphalt Repair & Resurfacing Company, Inc., of Hayward, submitted the second low bid in the amount of \$57,993.97, which is 11 percent below the Engineer's Estimate and \$6,742.47 more than the low bid. The bids ranged from \$51,251.50 to \$78,854.92. Staff recommends award of contract to the low bidder, Bond Blacktop, Inc.

Pavement Rehabilitation

On February 17, 2004, we received 14 bids for the pavement rehabilitation work. DeSilva Gates Construction, LP, of Dublin, submitted the low bid in the amount of \$519,989, which is 23.5 percent below the Engineer's Estimate of \$680,000. C.F. Archibald Paving, Inc., of Redwood City, submitted the second low bid in the amount of \$538,841.80, which is 21 percent below the Engineer's Estimate and \$18,852.80 more than the low bid. The bids ranged from \$519,989 to \$684,065.95. Staff recommends award of contract to the low bidder, DeSilva Gates Construction, LP.

Since the contract allows for increasing quantities by up to 25 percent, staff intends to take advantage of the low bid in order to add approximately \$57,000 in additional pavement rehabilitation that was originally planned for our next contract. Additional streets to be overlaid include Veril Way from Chicoine Avenue to dead end; St. Annes Place from Carroll Avenue to cul-de-sac; Oakmont Way from St Andrews Street to Nassau Lane; Alquire Parkway from Vanderbilt Street to barricade; Amelia Avenue from Blanche to dead end; and Blanche Street from Mission Boulevard to Trevor Avenue.

The estimated project costs are as follows:

Pavement Slurry Seal - Contract Construction	51,251.50
Pavement Repair/Rehabilitation - Contract Construction	519,989.00
Pavement Repair/Rehabilitation - Overlay Additional Streets	57,000.00
Re-striping (City Forces)	15,000.00
Crack Sealing (City Forces)	35,000.00
Design and Administration	25,000.00
Inspection and Testing	<u>50,759.50</u>
TOTAL	754,000.00

**FUNDING:**

A total of \$754,000 remains in the 2003-04 Capital Improvement Program under the Measure B Fund for these projects.
