FROM: Director of Public Works

SUBJECT: Pavement Reconstruction – Eden Landing Road, Lincoln Avenue, San Luis Obispo Avenue, and Westview Way: Approval of Plans and Specifications and Call for Bids

RECOMMENDATION

That Council adopts the attached resolution approving the plans and specifications for the Pavement Reconstruction Project and calls for bids to be received on May 19, 2009.

BACKGROUND

This project is the sixth year of a planned street maintenance program. This year's project will combine the Measure B and Street System Improvement funded reconstruction projects into a single project. Combining streets due for reconstruction into a single project reduces design costs and also improves the City's chances of receiving economical bids. This year's project includes pavement reconstruction on Eden Landing Road from Arden Road to Investment Boulevard, Lincoln Avenue from Cabot Boulevard to Forbes Street, San Luis Obispo Avenue from Genstar Road to Huntwood Avenue, and Westview Way from Central Avenue to Harder Road (see Exhibit A). The proposed improvements will improve riding surface and driving conditions and improve the appearance of the streets.

DISCUSSION

The maintenance program involves reconstruction of severely deteriorated streets to return them to acceptable pavement condition standards. The streets are selected for reconstruction using the City's computerized Pavement Management Program and specific field-examination. Because of the severity of pavement deterioration, typical dig-out spot repair and pavement overlay of these locations would not be cost effective. The work consists of removing the existing pavement to the subgrade; stabilizing the subgrade with cement treatment, where necessary; followed by compaction and the installation of full-depth asphalt concrete. The project will also include the reconstruction of existing curbs and gutters that have been damaged by tree roots.

The project is categorically exempt under section 15301(c) of the California Environmental Quality Act Guidelines for the operation, repair, maintenance, or minor alteration of existing facilities.

FISCAL IMPACT

The estimated project costs are as follows:

Contract Construction	\$ 1,400,000
Utility Adjustments and Striping (by City crews)	45,000
Design and Administration	135,000
Construction Survey, Inspection, and Testing	<u>110,000</u>
Total	\$ 1,690,000

The available funding for this project as approved in the FY 2009 Capital Improvement Program is as follows:

Measure B Tax Local Transportation Fund:	
Designated for Westview Pavement Reconstruction	\$ 430,000
Street Systems Improvement Fund:	
Designated for Pavement Reconstruction Eden Landing Road, Lincoln Avenue, and San Luis Obispo Avenue	<u>1,260,000</u>
	\$1,690,000

HAYWARD CITY COUNCIL

RESOLUTION NO. 09-

Introduced by Council Member _____

RESOLUTION APPROVING PLANS AND SPECIFICATIONS FOR THE EDEN LANDING ROAD LINCOLN AVENUE, SAN LUIS OBISPO AVENUE, AND WESTVIEW WAY PAVEMENT RECONSTRUCTION PROJECT, PROJECT NOS. 5169 AND 5144, AND CALL FOR BIDS

BE IT RESOLVED by the City Council of the City of Hayward as follows:

1. That those certain plans and specifications for the Eden Landing Road Lincoln Avenue, San Luis Obispo Avenue, and Westview Way Pavement Reconstruction Project, Project Nos. 5169 and 5144, on file in the office of the City Clerk, are hereby adopted as the plans and specifications for the project;
2. That the City Clerk is hereby directed to cause a notice calling for bids for the required work and material to be made in the form and manner provided by law;
3. That sealed bids therefor will be received by the City Clerk's office at City Hall, 777 B Street, Hayward, California 94541, up to the hour of 2:00 p.m. on Tuesday, May 19, 2009, and immediately thereafter publicly opened and declared by the City Clerk in Conference Room 4D, City Hall, Hayward, California;
4. That the City Council will consider a report on the bids at a regular meeting following the aforesaid opening and declaration of same; and
5. That the project is categorically exempt under section 15301 (c) of the California Environmental Quality Act Guidelines for the operation, repair, maintenance, or minor alteration of existing facilities.
