

CITY OF
HAYWARD
HEART OF THE BAY

DATE: April 20, 2010
TO: Mayor and City Council
FROM: Director of Public Works
SUBJECT: Measure B Pavement Rehabilitation FY2010: Award of Contract

RECOMMENDATION

That Council adopts the attached resolution awarding the contract to Gallagher & Burk, Inc. in the amount of \$1,685,947.60.

BACKGROUND

On February 23, 2010, Council approved the plans and specifications for the Measure B Pavement Rehabilitation FY2010 project and called for bids to be received on March 23, 2010. This project is a continuation of the City's ongoing program to repair failed pavement sections with localized pavement section repairs and the application of asphalt concrete overlay on streets throughout the City. This work will extend the useful life of pavement before it deteriorates to the point where more costly reconstruction work is needed.

In order to satisfy the requirements of the Americans with Disabilities Act (ADA), accessible ramps will be installed at the curb returns of street intersections located within the limits of the project. The project is categorically exempt under section 15301 (c) of the California Environmental Quality Act Guidelines for the operation, repair, maintenance, or minor alteration of existing facilities.

DISCUSSION

The selection of streets for rehabilitation is based on staff's analysis of the pavement condition indices identified through the City's computerized Pavement Management Program (PMP), field examination, and the functional classification of each street. Pavement rehabilitation of streets consists of removing four inches deep of failed, localized pavement, compacting the base, and plugging with asphalt concrete. Engineering fabric is then placed over the existing pavement to minimize cracking through the asphalt cement overlay. Finally, a two-inch-thick asphalt overlay is placed over the entire width of the pavement surface. Attachments II and III show the list of streets selected for treatment for this fiscal year.

On March 23, 2010, thirteen bids were received (one bid was rejected as it was incomplete), Gallagher & Burk of Oakland, CA submitted the low bid in the amount of \$1,685,947.60, which is 10.50 percent below the Engineer's Estimate of \$1,863,000.. MCK Services, Inc. of Concord, CA submitted the second lowest bid in the amount of \$1,755,879.05, which is 6.10 percent below the Engineer's Estimate. The bids ranged from \$1,685,947.60 to \$2,140,140.

All bid documents and licenses are in order. Staff recommends award of contract to the low bidder, Gallagher & Burk, Inc., in the amount of \$1,685,947.60.

FISCAL IMPACT

The estimated project costs are as follows:

Pavement Repair/Rehabilitation – Contract Construction	\$1,685,947.60
Re-Striping (City Forces)	30,000.00
Design and Administration	92,000.00
Inspection and Testing	<u>115,000.00</u>
Total	\$1,922,947.60

The FY 2010 Capital Improvement Program includes \$2,100,000 in the Measure B Tax Fund (Local Transportation) for the FY 2010 Pavement Rehabilitation project.

PUBLIC CONTACT

Because of the temporary inconvenience caused by the pavement work, following the award of contract, a preliminary notice explaining the pavement rehabilitation project will be distributed to all residents and businesses along the affected streets. After the construction work has been scheduled, signs on barricades will be posted indicating the date and time of work for each street.
