AGENDA REPORT

AGENDA DATE 10/19/04

AGENDA ITEM _____

WORK SESSION ITEM WS #2

TO: Mayor and City Council
FROM: City Manager
SUBJECT: Modified 238 Corridor Improvement Project

At its September 28 worksession, the Council reviewed the subject project. Although the Council discussed the material, owing to the press of business, the Council only had a limited amount of time to discuss the information presented to it. Consequently, the Council requested additional time to review and discuss the material, for which this worksession has been scheduled. As a conservation measure, and because no new information has been developed, the September 28 agenda report is not being duplicated again, and the Council is asked to bring its copy to this meeting.

As previously reported, a public hearing is scheduled for the evening of October 26 to provide an opportunity for the public and interested parties to express their views on this important and critical project.
