Hayward, CA 94541

Meeting will focus on southern portion of study area:
Between Harder Road and Industrial Parkway

You are cordially invited to attend one or all of the community meetings noted above for the Route 238 Bypass Land Use Study. The purpose of these meetings are to present the detailed existing conditions information as well as the opportunities sites analysis and to solicit input from the community on goals and objectives for the various portions of the study area.

The land use study is a 17-month long process that will likely result in changes to Hayward's General Plan land use and zoning designations for properties formerly obtained by Caltrans for the 238 Bypass Freeway and will show how future development of the area could be compatible with the surrounding neighborhoods.

We value your opinion. Individuals, organizations and other interested parties are invited to participate in this planning process. If you are unable to attend one of the listed meetings and would like to comment or ask questions, please feel free to contact us. City staff anticipates developing a group e-mail list to be used to distribute information and to notify interested parties of future meetings.

PLEASE NOTE: If you wish to remain on the mailing list for future notices regarding this study, please let us know at the community meetings or contact us at the address or phone number below.

Sara Buizer, AICP, Senior Planner
City of Hayward, Planning Division
